Legion in the Woods
1950 Pine Hall Road
State College, PA 16801

PERFORMANCE EXAM

Centre Concrete Company
629 E. Rolling Ridge Drive
Bellefonte, PA 16823

NRMCATM
EXTERIOR
FLATWORK FINISHER

Certification Exam

This course is designed to provide additional information that will help concrete finishers place, finish and cure exterior air entrained concrete to provide a durable surface for concrete that is exposed to moisture and periods of freezing and thawing.

The certification requires knowledge in the following areas of concrete construction:

- Concrete required for exterior flatwork
- Placing and finishing concrete joints
- Curing concrete
- Types of surface problems and their causes

Study Materials - NRMCA Best Practices for Exterior Flatwork Finishing

This workbook will be provided to you the day of the exam onsite.

PACA reserves the right to dismiss any registrant for disruptive behavior toward the instructor and/or other participants. Registrants dismissed for disruptive behavior are not eligible for a refund of their registration fee and will be reported to their employer.

The registrant of this certification voluntarily assumes the risk of injury to themselves which may result from the training, testing or demonstration and releases and discharges PACA, the facility providing the training, testing or demonstration site and the provider of the training, testing or demonstration from all claims or liability by participant resulting therefrom.

PACA reserves the right to cancel or reschedule exams.

Schedule of Events

7:00 AM - Presentation and written exam review

10:00 AM - One-hour timed written exam

11:00 AM - Lunch provided

11:30 AM - Performance Exam

Materials Needed

Please bring your own finishing tools and PPE - personal protection equipment - for the performance exam.

Finisher certification is awarded to an individual who has completed the following certification criteria:

- Attending this training course offered by PACA
- Successful completion of the written exam based on the content of the training course and text. Passing is 70%.
- Successful completion of the performance evaluation while placing, finishing and curing exterior flatwork.
