PACA IN PITTSBURGH

For the past 10 years, the PACA Young Leaders Community has been bringing together the industry's rising professionals to learn, connect, and build the relationships that will shape the future of Pennsylvania's aggregates, concrete, and cement industries. This year, we're celebrating that incredible milestone - and you're invited to be part of it! Join us as we commemorate a decade of leadership, innovation, and community with an unforgettable conference filled with dynamic speakers, meaningful networking, and opportunities to celebrate the people who have made the Young Leaders Community such a success. Whether you've been with us since the beginning or this will be your first conference, there's never been a better time to join the celebration and help us launch the next 10 years together.

As part of this year's Young Leaders Conference and our 10th Anniversary celebration, we are excited to welcome all PACA members to join us for two special events. Please note that separate registration is required for each event, and applicable registration fees apply.

CELEBRATE WITH US AT THE DINNER CRUISE RECEPTION

Join colleagues from across Pennsylvania's aggregates, concrete, and cement industries for an evening of networking, conversation, and celebration aboard our dinner cruise reception. Whether you're reconnecting with longtime industry friends or meeting the next generation of leaders, this event offers a relaxed setting to build relationships, share ideas, and celebrate a decade of the PACA Young Leaders Community's impact. **This event is open to all PACA members with a separate paid registration.**

PACA GENERAL MEMBERSHIP MEETING

All PACA members are also invited to attend the General Membership Meeting, where PACA staff will provide updates on association initiatives, advocacy efforts, industry developments, and what's ahead for our members. This meeting is more than an update—it's your opportunity to engage directly with the PACA team, ask questions, share challenges and opportunities, and help shape the association's priorities. Your voice and participation are an important part of PACA's continued success. **Attendance requires a separate registration and applicable registration fee.**
