

# NOMINATION INFORMATION

## *Excellence in Concrete Recognition Awards*

**Submissions due  
by: 9/26/25**

Annually, the Pennsylvania Aggregates and Concrete Association (PACA) bestows the Association's annual Excellence in Concrete Recognition Awards. So much work goes into what makes this industry great. The Recognition Awards honor those projects that show superiority and distinction in the areas of commercial, residential, decorative projects and/or other projects, companies or people of note in Pennsylvania. The Hank Bauer Promoter of the Year award acknowledges the individual who goes above and beyond to promote ready mixed concrete in Pennsylvania. And, in 2014, PACA introduced the "Captains of Concrete," those companies who are the true leaders in concrete promotion in the Commonwealth.

It is time to start thinking about honoring our best at this year's Annual Meeting in November at the Hotel Hershey in Hershey, Pennsylvania.

Our winners will be recognized during an awards presentation in front of approximately 300 of their peers! The past award winners are recognized in this brochure. Please note that awards may not be presented in all categories each year.

The guidelines for nomination eligibility for these awards are available on the following pages. All entries will be judged on the basis of support materials provided. It will be important to include all required materials and present them in a professional manner. You may submit multiple projects, with each project requiring its own submittal package. Projects may only be submitted for one category of consideration.

Note: PACA reserves the right to reassign projects to a particular category based on the submissions received. Submittals will not be returned and will become the property of the Pennsylvania Aggregates and Concrete Association for publicity or use at the Association's discretion.

We are looking forward to building on previous year's

programs and we hope you, our members, provide us with a variety of choices for this year's Honors Program. The committee is looking to recognize outstanding achievement. If the selection committee is not presented with nominations worthy of recognition, an award may not be presented in any particular category.

**YOUR ENTRIES MUST BE SUBMITTED TO THE PACA OFFICE ON OR BEFORE, SEPTEMBER 26, 2025, FOR CONSIDERATION. SEE YOU IN HERSHEY!**

**Jamie Stilley**  
**Amerikohl Aggregates, Inc.**  
**Chairman - Pennsylvania Aggregates and Concrete Association**

**Ken Crank**  
**Pennsylvania Aggregates & Concrete Association**  
**Director of Certifications & Sustainability**

Please note: By submitting an entry, entrant takes full responsibility for the accuracy of all information submitted and warrants that all necessary permissions have been secured from other who may have rights to the work. Furthermore, PACA is granted the non-exclusive rights to publish, reproduce and distribute copies of the original entry, including, but not limited to, all photographic and electronic images, sound and video recordings, data and identifying information. Finally, entrant authorizes PACA to use and publish any or all of the entry materials in print and/or electronically.

# Submittal Guidelines

## HANK BAUER AWARD

Presented to the industry professional who has made an exceptional effort in promoting the concrete industry

- Brief essay supporting the nomination - minimum of 200 words
- List of accomplishments
- Photographs - should be color prints of good quality for use in a PowerPoint presentation should the nominee be selected. Electronic photographs must be a minimum of at least three megapixels.

Nominee may come from any member category - Producer or Associate

## PROJECT OF THE YEAR

Any ready mixed project in the state of Pennsylvania may be submitted for judging. Entries will be evaluated on the submittal package. Submittals should be professional in appearance and highlight the merits of the project.

The winning project will recognize, at a minimum, the ready mixed concrete producer and the concrete contractor. Architects and engineers may also be included as the nature of the project dictates.

## Categories

- Commercial - Includes the construction of office buildings, hotels, shopping centers, hospitals, warehouses, etc. May include streets, bridges, parking areas, walkways, courtyards, etc.
  - Residential - Includes single family homes, townhouses, condominiums, etc. May include driveways, walkways, courtyards, etc.
  - Decorative - Includes any pavement/surface incorporating colored, stamped, stained, etched, etc. concrete. May be either a commercial or residential project.
- Projects must have been completed between September 30, 2024 and September 20, 2025.
  - Projects must have been supplied by a PACA ready mixed concrete producer member
  - The size of the project or volume of concrete **WILL NOT** be a factor in the judging
  - At least three 8"x10" color photos of good quality **MUST** be included in the submittal package. Digital photos may be submitted on a CD or thumb drive and **MUST** be at least three megapixels.
  - Package must include a 200-word minimum description of the project that emphasizes those areas that make the project noteworthy or exceptional. These may include workmanship, problems encountered and solved during construction, etc.

## Nominations will close September 26, 2025
