POLITICAL OUTLOOK 2025

Chris Stirewalt is back at this year's Summer Summit to bring us more of his now-famous 'Stirewaltisms' he uses to get his point across. Stirewalt is known for his singular way of reporting the news: tell-it-like-it-is commentary infused with first-hand anecdotes, hilarious phrasing, and smart insight. Humble and larger than life, Stirewalt's gregarious persona keeps audiences engaged while delivering a succinct overview of our current political climate and a deep dive into issues that matter to his audience now, including analyzing races, breaking down what's happening on Capitol Hill, taking apart legislative battles, and offering a bird's eye view of what's to come in politics. We welcome Chris back to this year's agenda and look forward to hearing his 2025 update.

GENERAL SESSION I

*ELAINE PASQUA

NEW FORMAT FOR 2025!

- The wobble trap presents the bird differently each time it is shot, both vertically and horizontally.
- The organizer may opt to throw a second bird immediately after the first shot without the shooter calling pull.
- The Lodge's elevated five stand has two ground platforms, two mid-level platforms (about 7 steps up), and one top-level platform (about 7 steps up from mid-level).
- Groups will be teams of 6.
- Using the Lodge's elevated five stand, each team would be on a different platform, three of the platforms would shoot off one of the wobble traps, while the other two platforms would shoot off the other wobble trap, allowing for faster shooting. The assumption is that everyone is a competent shooter and can load their own firearms.
- Once the teams have shot the designated amount of ammo for that platform, they will rotate to the next platform to shoot the next designated amount of ammo. This process will continue until they have shot all the ammo.
- This tournament will use 100 rounds. Gun rental is available - please indicate if you need a rental gun when you register to participate. Or, you may bring your own gun. Bringing your own ammo is prohibited. Ammo will be provided by the Lodge.

Dress code for the Summer Summit is **resort casual**. Shorts and golf shirts are acceptable attire for all general sessions and meal functions.

Areas of the resort are currently under construction. This is exciting news and much has been upgraded throughout the property. While the hotel is working diligently with their contractors to attempt to complete construction of both the indoor and outdoor pools in time for the PACA Summer Summit, they cannot guarantee us that they will be open in time. Swimming is available in the resort lake with an inflatable, floating obstacle course and other attractions. We, at PACA, are also working in conjunction with the hotel and the area convention and visitors bureau, to offer alternative options as well. Stay tuned for more information on this. A list of the other activities offered at the resort is available here - <https://www.skytop.com/activities/>.
